

Empowering Sustainable Dentistry

Specialist recycling, compliance and warehousing services tailored to you.

About Reconomy Connect

Reconomy Connect provides a wide range of bespoke services designed to boost efficiencies, advance sustainability, and optimise resource use. With over 30 years worth of experience, we deliver a technology-led, people-powered approach across wide-ranging industries and sectors, helping empower businesses to refine waste processes, cut costs, and support sustainable practices.

Why choose Reconomy Connect?

- ✓ Over 30 years of experience in waste management.
- ✓ Diverse client portfolio across a wide range of sectors including; medicine, pharmaceuticals, manufacturing and office environments.
- ✓ Broad service portfolio

Waste Management Services

We can handle waste streams such as; sharps, hazardous, clinical, amalgam and confidential waste.

Circular Solutions

We can help you add sustainability-led value through resale and circular solutions.

Environmental Compliance Services

Support with your WEEE and packaging compliance, providing recycling equipment where needed.

Warehousing & Logistics

We have network of warehouses and a UK wide logistics network, with international freight forwarding capability.
