Company Introduction

Global 4 is a leading UK managed service provider supporting dental practices and suppliers of all shapes and sizes with reliable, secure technology.

With over 25 years' experience, we deliver tailored IT, Microsoft services, connectivity, telephony, and mobile solutions designed to keep your business running smoothly.

Our Track Record

Global 4 supports dental suppliers across the UK with secure, reliable technology that keeps businesses operating efficiently. From specialist labs to national suppliers, we understand the systems, requirements, and pressures unique to supporting dentistry.

- Dental-focused
- Compliant
- Trusted
- Secure

Managed IT for Business.

Proactive IT support built around supplier systems, keeping operations reliable and downtime to a minimum.

Microsoft & Cloud Solutions

Secure Microsoft 365 and cloud services for safe access to data and smooth day-to-day collaboration.

Connectivity & Integrated Telephony

Reliable broadband and phone systems supporting customer teams and industry platform integrations.

Cyber Security & Compliance

Healthcare-aligned cyber security to protect data and support regulatory compliance.

One Trusted Technology Partner

All your IT, connectivity, mobile, and energy — managed by one UK-based provider.
